WAR MAP EXPLAINED.

Complicated Situation of Opposing Forces in Free State.

BOERS RETIRE FROM LEEUW KOP.

British Capture a Quantity of Ammunition and Rifles Which the Retreating Army Left Behind—Other Points.

Leeuw Kop, April 24.—The Boers retired from their positions here so hurriedly that they left a quantity of ammunition and many rifles behind them. When the Warwickshire regiment took the farm house at the foot of the ridge, the Boers' pom-poms inflicting no damage, the Welsh regiment advanced along the Warwickshires' left and approached the ridge, experiencing a cross fire.

When the Boers fled they were obliged to move for some distance along the sky line, and the artillery planted a shell with great accuracy, it bursting just above the Boers, rolling over three horses.

It appears that General Dickson met with opposition, the Boers firing their rifles at long range. Their position was one of great natural strength.

General Pole-Carew's admirable disposition of his force thoroughly puzzled the Boers, who were unable to see the direction of attack, owing to a deep spruit.

The British artillery was unable to join the right in time to reply to the Boer gun, which was shelling the mounted infantry vigorously. The shells, however, burst 300 yards high and did no damage.

It is stated that General Dewet holds the water works with a strong force. The Boers who held Leeuw Kop trekked to the southeastward. The British sent a force of cavalry to the south and a few shots were heard. Apparently the Boers do not hold strong positions anywhere in close proximity to Leeuw Kop.

War Map Explained.

London, April 24.—All attention is centered on the interesting, though complicated situation in the southeastern portion of the Orange Free State, from which developments of the utmost importance must occur soon. General Rundle, it would seem, has found the Boers confronting him at Dewet's Dorp in stronger force than he cares to engage, and so he is marking time pending the arrival of supports. While General Rundle is preparing to strike Dewet's Dorp, Generals Brabant and Hart are pushing along the frontier of Basutoland, where they will be able to frustrate any attack on General Rundle's right, and Generals French and Pole-Carew are hastening from Bloemfontein to bar the Boer line of retreat northwards. In the meanwhile the burgher forces occupying Thaba N'Chu are in a position to fight a delaying action, giving the Boer forces at Dewet's Dorp and Wepener time to retire in case of defeat, and it seems as though General French must dispose of this Thaba N'Chu force before he can reach the rear of the Boer forces opposing Generals Rundle and Brabant, otherwise his flank will be open to assault. The Boers driven out of Leeuw Kop will probably rally at Thaba N'Chu, where a stiff fight may be expected. Should the British fail in this attempt to bring about another Paardeburg, it must immensely affect the larger issues of the war, as it will undoubtedly lead to a persistent repetition of the guerilla tactics which have been largely responsible for the penning up of Lord Roberts at Bloemfontein for so many weeks.

News From Boer Sources.

Pretoria, April 24.—An official bulletin issued here says: "The Federals continue their fighting at Wepener, and have captured a herd of General Brabant's cattle and horses. General Dewet's losses at Dewet's Dorp were one man killed and six men wounded. Twenty British were captured, besides the killed and wounded. The British appear to be retiring beyond Dewet's Dorp. Cronje reports that with a strong command he attacked the British northeast of Boshof. A heavy engagement followed and the English were driven from kopje to kopje. The Federals displayed great courage and resolution, and spiritedly chased the enemy in the direction of Boshof. Only two burghers were wounded. The British lost 15 men killed and left three wounded and eight prisoners in the hands of the burghers." The Cronje referred to is undoubtedly Commandant Cronje, the second son of the famous Boer General, now a prisoner on the island of St. Helena.

Patrols Sniped.

Warrenton, April 24.—Shelling was resumed, the fire being directed at the

British river redoubts, which are steadily being pushed forward. The Boers appear to be in stronger force down the river and the Yeomanry patrols are frequently "sniped." It is confidently believed that important developments are not far off.

BY POPULAR VOTE.

Hon. David B. Hill Favors Election of Senators by the People.

Syracuse, April 24.—Five hundred leading Democrats of Syracuse and northern and central New York attended the Jefferson dinner given under the auspices of the local Democracy by Mayor James K. MacGuire. Gold men and silver advocates united in making the affair a great political success. Former Senator David B. Hill made the main speech of the evening. He said in part: "The public interest would in my opinion be promoted by the election of United States senators by the people, instead of state legislatures. I hazard nothing in stating that nine-tenths of the people of the country favor the proposed change, and are much gratified at the recent passage of a constitutional amendment to that effect by the house of representatives, and which is now pending in the United States senate awaiting action. The success of this reform would mean the death knell of offensive bossism in the federal senate, a consummation much to be desired. Permit me to say in this connection that a plank favoring an amendment to the constitution providing for the election of United States senators by the people was in the original draft of the Chicago platform in 1896, but was stricken therefrom by the subcommittee on resolutions against my earnest protest."

From Marquis to Duke.

London, April 24.—The succession of the Marquis of Lorne to the Dukedom of Argyll, owing to the death of his father, creates a vacancy in the house of commons for South Manchester, which the marquis represented. It is understood that had the seat been safe for the Unionists a vacancy would have been created some time ago by the queen making her son-in-law a peer. Now the Unionists are forced to recontest the constituency, which only gave the Marquis of Lorne a majority of 78 at the last election. It is presumed that the Princess Louise, daughter of Queen Victoria and wife of the Marquis of Lorne, will hereafter assume the title of Duchess of Argyll.

Answer to Questions.

New York, April 24.—Following is a summary of the replies from 23 Democratic national committeemen to questions regarding the campaign issues and candidates: Anti-imperialism as a leading issue, 21; anti-trusts as a leading issue, 21; money question as a leading issue, 16; anti-militarism as a leading issue, 6; Chicago platform will be reaffirmed, 20; noncommittal as to the Chicago platform, 3; Dewey's candidacy not taken seriously, 11; Dewey's candidacy would not hurt Bryan, 12; Bryan by acclamation, 8; Bryan unanimously or on first ballot, 13.

Mexican Town Burned.

San Antonio, Tex., April 24.—According to advices received here, Panuca, Mexico, one of the most important trading towns on the east coast of the republic of Mexico, 60 miles west of the seaport of Tampico, has been entirely destroyed by fire. Panuca is a town of 11,000 persons on the Panuca river. Thatched roof adobe houses and modern frame business blocks, surrounded by brush huts, constituted the city. Everything went down before the flames, as there were no fire fighting appliances in the city. The loss will aggregate \$2,225,000.

At Canton.

Canton, O., April 24.—President and Mrs. McKinley and party arrived in the city at 10:10 a. m. In deference to the announcement of the president's friends that he came here for rest from public cares and to look after private affairs, no public demonstration was arranged. But in spite of this there was a large crowd of friends and fellow-citizens at the station when the train rolled in, and a mighty volume of cheers went up as the president and Mrs. McKinley stepped from the train.

Columbus, O., April 24.—Rockford Telephone Exchange company, Rockford, \$5,000; Home of Self-Supporting, Cincinnati; Colonial Electric company, amendment change of location; Bedford Stone company, Cleveland, \$30,000; Xenia Water company, increased from \$260,000.

Miss. Gould Declines.

Chicago, April 24.—Mayor Harrison received a letter from Miss Helen Gould in answer to their invitation to attend the Dewey celebration. Miss Gould in answer to the invitation to attend and pleads that a prior engagement will detain her in New York.

LOSES BY AN EYELASH

Senate Sustains the Report to Bar Out Former Senator Quay.

HOW MEMBERS VOTED ON QUESTION

The Appointment of the Noted Politician by the Governor of Pennsylvania Is Not Sustained.

Washington, April 24.—The final day's debate on the case of Hon. M. S. Quay began in the senate at 11 a. m. Notwithstanding the comparative early hour of meeting a large number of senators was present when the session opened, and many people were in the galleries. A resolution offered last week by Mr. Culberson of Texas was passed. It requests the president to inform the senate what committees have been created or appointed by the executive since March 4, 1885, in reference to foreign relations or the territories of the United States, or to inquire into the war with Spain; the personnel of the committees, the total compensation or allowance of each of the commissioners, and of all employees of the committees.

A bill authorizing the secretary of war to make regulations governing the running of loose logs, steamboats and rafts on certain rivers was passed.

Consideration of the Quay case was then resumed. Mr. Penrose (Pa.) continued his argument began Monday.

Mr. McCumber (N. D.) delivered a carefully prepared constitutional argument in opposition to the seating of Mr. Quay. Only a brief while ago he was regarded as an advocate of Mr. Quay's claim, but he announced in his speech that after careful consideration he had changed his opinion. This change, he said, was not based upon emotion, but upon reason.

In an extended argument, Mr. Lindsay (Ky.) presented legal and constitutional resolutions why, in his opinion Mr. Quay ought not to be seated. He held that the appointment of senators by the state executive was provided for by the framers of the constitution merely to provide for the filling of vacancies that may be regarded as unexpected.

The vote on the Quay case was taken promptly at 4 p. m. The resolution which declared Mr. Quay "not entitled to his seat" was first laid before the senate. Mr. Chandler moved to strike out the word "not," and on that the vote was taken. Quay lost.

The vote on Mr. Chandler's motion was as follows:

Yeas—Allison, Baker, Carter, Chandler, Clark (Wyo.), Cullom, Daniel, Davis, Deboe, Foraker, Frye, Gear, Hansbrough, Jones (Nev.), McComas, McLaurin, Mason, Morgan, Nelson, Penrose, Perkins, Platt (N. Y.), Scott, Sewell, Shoup, Spooner, Stewart, Sullivan, Tallaferro, Warren, Wetmore, Wolcott—32.

Nays—Allen, Bacon, Bard, Bate, Berry, Burrows, Butler, Clay, Cockrell, Culberson, Hale, Harris, Helfield, Hawley, Jones (Ark.), Lindsay, McBride, McCumber, McEnery, McMillan, Martin, Money, Platt (Conn.), Proctor, Charles, Ross, Simon, Teller, Tillman, Turley, Turner, Vest, Willington—33. Pairs were announced as follows: The first named in each instance being favorable to Mr. Quay, and the second opposed to him: Pritchard with Gallinger, Depew with Hanna, Foster with Kean, Lodge with Thurston, Kenney with Caffery, Elkins with Chilton, Fairbanks with Mallory, Hoar with Pettus, Kyle with Rawlins.

The following senators were unpaired: Aldrich, Beveridge, Clark (Mont.) and Pettigrew.

The vote was then taken on the resolution declaring Quay not entitled to a seat. The resolution declaring Quay not entitled to a seat was carried—33 to 32. The rollcall of the senate was the same as on the previous call.

Quay Will Control.

Harrisburg, April 24.—It is hard to make a reliable forecast for the Republican convention here, as few of the leaders are on the ground. It is conceded that the convention will be controlled by the friends of Colonel Quay. There does not seem to be much doubt of the selection of M. S. Quay, Governor Stone, Attorney General Elkin, ex-Senator Charles A. Porter and Colonel James Elverson of Philadelphia, ex-Congressman John H. Leisenrigh of Wilkesbarre, State Chairman Reeder and B. W. Green of Emporium as delegates-at-large to the national convention.

Chicago Plumbers Strike.

Chicago, April 24.—Plumbers have gone on a strike. At a meeting it was voted unanimously by the Journeymen Plumbers' union. This strike is the latest development of the local labor

troubles. The new strike is aimed directly at the contractors, and the efforts to complete with union labor the plumbing jobs on large buildings, around whose progress have centered the whirlwinds of the labor war. About 600 plumbers are now on a strike.

STRUCK A BLOW.

Exciting Encounter During the Cour d'Alene Investigation.

Washington, April 24.—An exciting encounter occurred at the Cour d'Alene investigation when Bartlett Sinclair, who was on the stand, gave the lie to Attorney Robertson, representing the miners. Robertson sprang for Sinclair, aiming a blow at his face. Several congressmen intervened and held Robertson and Sinclair from coming together. An officer appeared on the scene, but his services were not required, as order had been restored.

Ruling on Oleomargarine.

Washington, April 24.—Commissioner Wilson of the internal revenue bureau has held that where manufacturers ship stamped packages of oleomargarine on orders of customers, and do not take the way bills from the common carrier to these customers, but simply to their own agent, who receives and delivers the packages to the persons whose names are found thereon, the manufacturers involve themselves in special tax liability as wholesale dealers at the place where their agent makes these deliveries. The commissioner has also held that where retail dealer sells and delivers upon one order two packages of oleomargarine, each containing 10 pounds of the same grade and at the same price, he sells 20 pounds in distinct contravention of law, which limits him to the sale of quantities not exceeding 10 pounds.

Porto Rican Resolution.

Washington, April 24.—Previous to the resumption of the consideration of the passage of the appropriation bill in the house, Mr. Cooper, chairman of the committee on insular affairs, asked unanimous consent for the consideration of the Foraker resolution to provide for the continuation in office of the present military administration in Porto Rico, pending the appointment of civil officers under the civil government act. The resolution carried two amendments placed upon it by the insular affairs committee; one to provide that franchises should be approved by the president and another placing certain restrictions upon charters, corporations, etc. It was arranged that the resolution should be debated for one hour.

Money For Seeds Cut Down.

Washington, April 24.—The senate committee on agriculture has reported the agriculture appropriation bill to the senate. As reported the bill carries a total appropriation of \$3,959,150, which is a net increase of only \$22,320. The senate really added items amounting to \$82,320, but by diminishing the house appropriation for the purchase of seed to the extent of \$40,000, and that for agricultural department publications to the extent of \$20,000, the net increase was reduced.

To Investigate Japanese.

Washington, April 24.—The treasury department has ordered a special agent to proceed to the Pacific coast to investigate the matter of the large influx of Japanese coolies to this country within the last few months. The question is still troubling the immigration officials. Until two or three months ago, the immigration of Japanese to the United States was small. It has become so heavy as to excite suspicion that the men are coming here as contract laborers.

Taylor Visits Senate.

Washington, April 24.—Governor Taylor of Kentucky was on the floor of the senate. He refused to discuss in any way the situation in Kentucky.

Prayed For an Appeal.

Frankfort, Ky., April 24.—Ex-Governor W. O. Bradley, representing the Republican minor state officials, prayed an appeal to the court of appeals from the judgment of ouster rendered by Circuit Judge Cantrill last week. The appeal was prayed as to all cases except that of Breckinridge against Pratt. Mr. Pratt, the Republican contestant for attorney general, did not ask an appeal.

Meridian, Miss., April 24.—The rise in the waters caused by the heavy rainfall Monday night has about ceased, and a rapid fall is expected with no further rain. Something of the difficulties hindering the resumption of traffic on the New Orleans and Northeastern road can be judged from the fact that within a distance of 40 miles of Meridian five miles of track must be replaced. A 4-foot cut 200 feet long, entirely filled with dirt and rock must be cleared, and a roadbed, over which 200 feet of track is swinging, must be replaced.

PLAYING A DEEP GAME

Russia and Germany With England's Consent Will Bag Turkey.

MEANING OF RAILWAY CONCESSIONS.

It Is Said the Sultan Has Been Forced to Accept Certain Conditions Which Will Result in Division of His Empire.

New York, April 24.—Rev. Dr. George Washburn, president of Roberts' college, Constantinople, speaking at a dinner of the Brooklyn Congregational club, said: "The political transitions which have taken place in Turkey in the last few weeks are the most important that have occurred for years in the empire. You have probably read of some German railroad concessions obtained by the Russian government. Well, there is a story back of these concessions.

"When the war broke out in South Africa, the kaiser went to England, and there was one thing he carried away home with him in reward for keeping his hand out of the affair in Africa. It was a concession for all the railways in the western part of Turkey for the Germans. These concessions gave the Germans the right to construct all the railways in Asia Minor west of a line from Constantinople to the Persian gulf.

"It now appears that as Germany made a compact with England, so Russia has made a bargain with Germany. As Germany is to construct all the roads in the western part of the empire, so is Russia to construct all the roads in the eastern part. These two powers, with the consent of England, are dividing Turkey into two spheres of influence, in the belief that when the final partition comes the spheres of influence will become German, and the sphere which is under Russian control will become Russian.

"By mobilizing troops upon his borders the two powers have compelled the sultan to agree to this. The line between the two spheres of influence runs from a little town on the Black sea to the Persian gulf. This is the arrangement the sultan has been compelled to accept, and the arrangement that has meant so much politically to Turkey in the last few weeks."

Stole the Records.

Chicago, April 24.—Burglars, whose sympathies are apparently with union labor, made a raid on the office of the Industrial union, carried every record and book belonging to the organization. The membership list, containing the names and addresses of between 2,500 and 3,000 men of various trades who do not belong to the unions affiliated with the building trades council, was carried away, together with all the correspondence since the Industrial union came into existence. The loss is regarded as a serious blow to the Industrial union, and indirectly its effect may be felt by the building contractors' council.

Clark Will Resign.

New York, April 24.—William A. Clark of Montana will resign his seat in the United States senate. The communication by which he will make known to the senate his intentions has already been prepared. It may be presented soon. It may be held until later in the session, but it will be handed before the senate has acted upon the report of the committee on privileges and elections declaring that he was not duly and legally elected.

The Count Discharged.

Chicago, April 24.—Count Lavine le De Toulouse Latrec, charged by the Montreal authorities with having disposed of forged bonds under the name of V. Castano, was released from custody here by the county authorities, but was soon after arrested by federal officers. The warrant under which the count was first arrested was found to be faulty when passed upon by Judge Dunne.

Train Wrecked.

Scranton, Pa., April 24.—A train of 32 freight cars ran away on the mountain grade of the Delaware-Hudson new steam railroad crossing the mountains between Carbondale and Honesdale. The engine jumped the track on a sharp curve drawing the train after. The cars were piled in an indiscriminate heap. An unknown man was killed and several others were injured.

Constantinople, April 24.—The porte has received telegrams from the Turkish minister at Washington, Ali Ferrouh Bey, pointing out the bad impression created in the United States by the nonpayment of the indemnity due, and announcing the determination of the American government to insist upon a prompt settlement of the claims.

The local correspondent of the Cincinnati Times-Star is evidently suffering from a bad case of worms.

BERRY HOWARD, John L. Powers and others of those indicted for complicity in the Goebel murder don't appear to be in any great hurry to face their accusers. In fact Howard and Powers are hiding in the mountains.

The roster of States and territories which have so far selected their delegates to the Democratic National convention at Kansas City, together with the number of delegates to which each is entitled, is as follows:

Massachusetts.....	30
Rhode Island.....	8
Pennsylvania.....	64
North Carolina.....	22
Nebraska.....	16
Oregon.....	8
Utah.....	6
District of Columbia.....	6

In every case the delegates were instructed to vote for William J. Bryan for President, and in almost every case for the reaffirmation of the Chicago platform.

WRIGHT'S WRONG FIGURES.

Carroll D. Wright is out with another batch of statistics. It is a bulletin of the United States labor department, and purports to show the variation in the prices of the necessities of life from 1890 to last July. The object of this bulletin appears to be to prove that the trusts have not increased prices. Students of the trust question will do well to scrutinize Mr. Wright's figures as well as his conclusions, says a writer. Previous publications of his intended to show that wages have increased while the cost of living has diminished are in some respects notable specimens of statistical gymnastics.

Thinks It Will Be Kehoe Against Pugh.

[Enquirer, April 20]
 Judge A. M. J. Cochran, the able Republican attorney of Maysville, Ky., was at the Grand.

"I have not heard Mr. James N. Kehoe, of our city, say that he will be a candidate for the Democratic Congressional nomination in our district," said the Judge, in reply to a question, "but it is generally conceded that he will make the race, and I think it very likely that he will be nominated. The fact that the district is so close and never won except by a hot man-to-man fight has had a tendency to deter many from making the race. I don't think Judge Pugh, our present Republican member of Congress, will have any opposition for renomination."

WINDOW DISPLAY.

An Attractive Lot of Lion Coffee Premiums in J. Wesley Lee's Window.

We frequently hear the claim, "something given for nothing," but do not often see an actual demonstration of the principle, like the display of Lion coffee premiums now on exhibition in J. Wesley Lee's window.

Here are many valuable articles, all given free for the lion-heads, cut from Lion coffee wrappers. These are not cheap articles, but comprise clocks, umbrellas, watches, gold rings and jewelry, besides many things useful and ornamental in the household, or will be enjoyed by the children. Lion coffee fully deserves the popularity which it has gained, because of its superior strength and flavor.

Lovers of Shakespeare Delighted With Dr. Barbour's Instructive Talk Last Evening.

Lovers of Shakespeare were delighted last evening with the lecture at Hayswood by Dr. Jno. Barbour.

The subject was most delightfully handled, and in a popular way. It was full of instruction to the young student of Shakespeare, and his complete resume of this comprehensive subject afforded even more pleasure to those familiar with the works of the immortal bard. The audience were most appreciative in their expression of the pleasure afforded them by Dr. Barbour, and many requests were made to those in charge of Hayswood Seminary for future entertainments of a like nature.

RIVER NEWS.

The New Bostona Will be Out Soon—The Pittsburg Coming With a Big Trip.

Keystone State and Speedwell down this evening and Bay to-night. Up: Wells and Bonanza.

The Clyde, with the New Sensation in tow, was detained and did not pass up until Tuesday afternoon.

No less than ten steamboats will come to Louisville from various points in the South crowded with Confederates to attend the reunion.

The new Bostona is expected out soon. She has the old Bostona's machinery although she will be nearly as large as the City of Pittsburg. She will probably run in the up river trade.

The City of Pittsburg left Pittsburg Tuesday afternoon with one of the biggest trips of her season thus far. Captain Phillips has a number of tourists making the round trip to Louisville.

It is reported that the river coal combine is mining nearly 1,000,000 bushels of coal a day, so as to be able to take advantage of the first barge stage in the river at Pittsburg. Much coal is being dropped into the harbor, and it is estimated that there is close to 2,500,000 bushels ready for shipment.

REV. D. D. CHAPIN.

The Pastors' Union Expresses Deep Regret at the Departure from Maysville of This Cultured Christian Gentleman.

At the last regular meeting of the Pastors' Union of this city the following was presented:

MAYSVILLE, KY., Apr. 12th, 1900.
To the Members of the Pastors' Union, Maysville: Brethren: Be pleased to accept my resignation as Chairman of your body, with which you have honored me in the past, and also membership in the same. Being the only one left of the original members, I part with it with sincere regret.

Fraternally,
D. D. CHAPIN.

On motion of Dr. Molloy the following action was taken:

Whereas, Our honored and beloved President, the Rev. D. D. Chapin, has offered his resignation in expectation of an early departure from Maysville, therefore,

Be it resolved, That in accepting his resignation we desire to thank him for his fidelity in the discharge of all the duties of his position as President of the Pastors' Union of Maysville, Ky., and the courtesy and kindness shown to us all by him while occupying the chair.

That we declare our deep regret at his departure and assure him that our prayers and kindly interest shall follow him wherever he may go.

IN reversing the case of the Commonwealth against Meyers, taken up from this county, the Court of Appeals says:

An indictment for keeping a disorderly house, which charges that the house complained of was kept and maintained on a certain day "and on other days before and since, and at which men and women of evil fame met and congregated and there remained, both by day and by night," gambling, quarreling, drinking, etc., sufficiently alleges a repetition or continuance of the disorder alleged.

The case of the Commonwealth against Hampton was also reversed on the same grounds.

THE ladies of the First Baptist Church have arranged a real treat for Maysville's music-loving people. George Kruger, the noted pianist of Cincinnati, and Romeo Frick, the sweet singer of that city, will give a concert at the Baptist Church Monday evening, April 30th.

Mr. Kruger played Bach and Beethoven in a masterly, skillful and expressive manner. His touch is melodious and poetical, and his conception mainly—Prof. Bussler, National Zeitung, Berlin.

Mr. Kruger is one of the best of the American pianists, and his numbers were a delightful treat to the large audience.—Indianapolis, Ind., Sentinel.

Mr. Kruger's style of performing upon the piano is a happy blending of virtuosic brilliancy with musical warmth. He is a true soloist. It is safe to say that Mr. Kruger is one of the most promising young pianists in the United States.—Cincinnati Commercial Tribune.

Romeo Frick manifested an artistic nature in all his singing, which speaks volumes for his capacity as a vocalist. There is something intensely earnest and refined in the musical fibre of his make-up. His voice has strength and depth and his enunciation is uniformly good. There was much poetic expression in his singing of Beethoven's Erlking, which was given for the first time in America.—N. Y. Musical Courier.

Mr. Romeo Frick, the vocalist of the evening, made a splendid impression. He has a barytone voice of copious material and musical quality, which he uses with expression and enthusiasm, as well as good tone color.—Cincinnati Enquirer.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store. Every bottle guaranteed.
